

An Idyllic Modern **BEACHSIDE RESTAURANT**

Thank you for considering [Bathers](#) as a prospective venue for your next event. We hope you find this venue information helpful for your initial planning.

Bathers offers a unique dining destination only one hour from Hong Kong's CBD skyscrapers. Located at Lower Cheung Sha Beach (32 Lower Cheung Sha Beach, Lantau), Bathers provides international western cuisine set within the natural beauty of Lantau Island.

The venue can be partially booked or exclusively hired as below:

Group Events

Bathers consider all bookings for parties of 10 - 40 people a group event. A booking of this size is considered a partial venue hire as it takes up a significant section of the restaurant, yet still allows us to remain open to other regular dining guests. Should you be interested in hosting an exclusive event with no other guests, please see "Exclusive Use & Private Events" for more information.

For all group bookings above 10 people we kindly ask that you dine from our group feast menu. Our group feast menu is derived from popular items off the standard restaurant menu, which changes seasonally.

For more information, please contact us at events@woollypighk.com

Exclusive Use and Private Events

Bathers is able to cater up to 100 people seated for a private event.

For private hire events Bathers also offers a dedicated Event Manager who is able to assist you in all areas of event planning from your audio-visual requirements, to bespoke menus, and décor. This resource provides a one-stop shop approach to functions usually only found at larger venues.

The minimum spend for a private event will vary depending on the day, time and month of your function. Prices generally start from \$40,000HKD for weekday hire and \$70,000HKD for weekend hire. Private hire includes: exclusive use of Bathers for a minimum hire period of 5 hours, bespoke food & beverage packages tailored to your preferences, venue set-up using existing furniture, printed menus, increased numbers of service staff, in-house music system, and add-on microphone service.
